

## **Crystal Report Writer – 2 month contract assignment**

Scientific Learning Corporation is a pioneering educational software company located in the East Bay that integrates cutting-edge neuroscience with Internet and multimedia software. Our company uses brain research and patented technologies to increase comprehension and learning. We develop the Fast ForWord family of learning programs and Reading Assistant, which allow children and adults to greatly enhance their language and reading skills.

### Summary:

We have an abundance of critical reports to be designed and built from our new Pivotal CRM system. We need someone who can work on their own and build creative and efficient business reports.

### Requirements:

1. Strong Knowledge of Crystal Report Writer
2. Experience writing complex reports in Crystal and SQL
3. Experience with Pivotal or other CRM systems desired
4. Proven experience working independently and on teams.

Please email your resume, cover letter and salary requirement to [resumes@scilearn.com](mailto:resumes@scilearn.com).

Please NO phone calls! Please do not apply if you are looking for Full-time employment.
